

ADVANCE RELEASE CALENDAR

The Advance Release Calendar gives information on the dates on which various statistics will be released. The 2006 Calendar is the first ever to be drawn by the Fiji Islands Bureau of Statistics and relates to the statistics that the Economic Statistics Division of the Bureau produces. The purpose of the release is to notify users of statistics of the time of the release of the data. However, since a lot of data are survey based, there could be instances when the Bureau will not be able to meet its release date. Should such a situation arise, a release notifying the users of such a delay will be issued on the day on which the statistics were to be released.
